THE FAUX BAMBOO ACCESSORIES COLLECTION

BY EMMA SIMS-HILDITCH
FOR CHELSEA TEXTILES

Chelsea Textiles, together with leading interior designer Emma Sims-Hilditch are delighted to introduce a versatile range of thoughtful pieces for use across the home.

Inspired by 18th-century furniture design, the Faux Bamboo Accessories Collection is based on the iconic creations of Swedish furniture maker Ephraim Ståhl. Hand-worked by master craftsmen, ensuring each piece is nuanced and unique. Available in three elegant colourways, the collection is designed to compliment any interior, capturing the essence of sophisticated living.

Over the past decade, Sims Hilditch has become synonymous with extraordinary interior design, inspired by the British countryside and imagined with a fresh eye.
